DISCLAIMER

For more complete information about Enstar Group Limited, you should read our reports filed with the SEC. You may get these documents for free through EDGAR on the SEC website at www.sec.gov, or through our website at <https://investor.enstargroup.com/sec-filings>.

INFORMATION REGARDING FORWARD-LOOKING STATEMENTS

This presentation, and oral statements made with respect to information contained in this presentation, may include certain forward-looking statements regarding our views with respect to our business, operations, loss reserves, strategy, investment portfolio, economic model, and our expected performance for future periods, as well as the insurance market and industry conditions. These statements are intended as “forward-looking statements” under the Private Securities Litigation Reform Act of 1995. Actual results may materially differ from those set forth in the forward-looking statements. You may identify forward-looking statements by the use of words such as “believe,” “expect,” “plan,” “intend,” “anticipate,” “estimate,” “predict,” “potential,” “may,” “should,” “could,” “will” or other words or expressions of similar meaning, although not all forward-looking statements contain such terms.

Forward-looking statements involve significant risks and uncertainties, including risks of changing and uncertain economic conditions, the success of implementing our business strategies, the adequacy of our loss reserves, ongoing and future regulatory developments disrupting our business, lengthy and unpredictable litigation, risks relating to our acquisitions, increasing competitive pressures, loss of key personnel, the performance of our investment portfolio and liquidity, and other factors detailed in our Annual Report on Form 10-K for the year ended December 31, 2022 and our other reports filed from time to time with the Securities and Exchange Commission (“SEC”).

Any forward-looking statement you see or hear during the presentation reflects Enstar Group Limited’s current views with respect to future events and is subject to these and other risks, uncertainties and assumptions. If any of these risks or uncertainties materialize, or if our underlying assumptions prove to be incorrect, actual results may vary significantly from what we projected. You are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date on which they are made. The date of this presentation is listed on the cover page and Enstar does not undertake to update or keep it accurate after such date.

NON-GAAP FINANCIAL MEASURES

In addition to our key financial measures presented in accordance with GAAP, this presentation includes other non-GAAP financial measures that we use to manage our business, compare our performance against prior periods and against our peers, and as performance measures in our incentive compensation programs.

These non-GAAP financial measures provide an additional view of our operational performance over the long-term and allow investors the opportunity to analyze our results in a way that is more aligned with the manner in which our management measures our underlying performance.

The presentation of these non-GAAP financial measures, which may be defined and calculated differently by other companies, is used to enhance the understanding of certain aspects of our financial performance. It is not meant to be considered in isolation, superior to, or as a substitute for the directly comparable financial measures prepared in accordance with GAAP. Refer to slides 23 through 27 of this presentation for further details regarding our non-GAAP measures and reconciliations of these measures to the most directly comparable GAAP measure.

ADDITIONAL INFORMATION

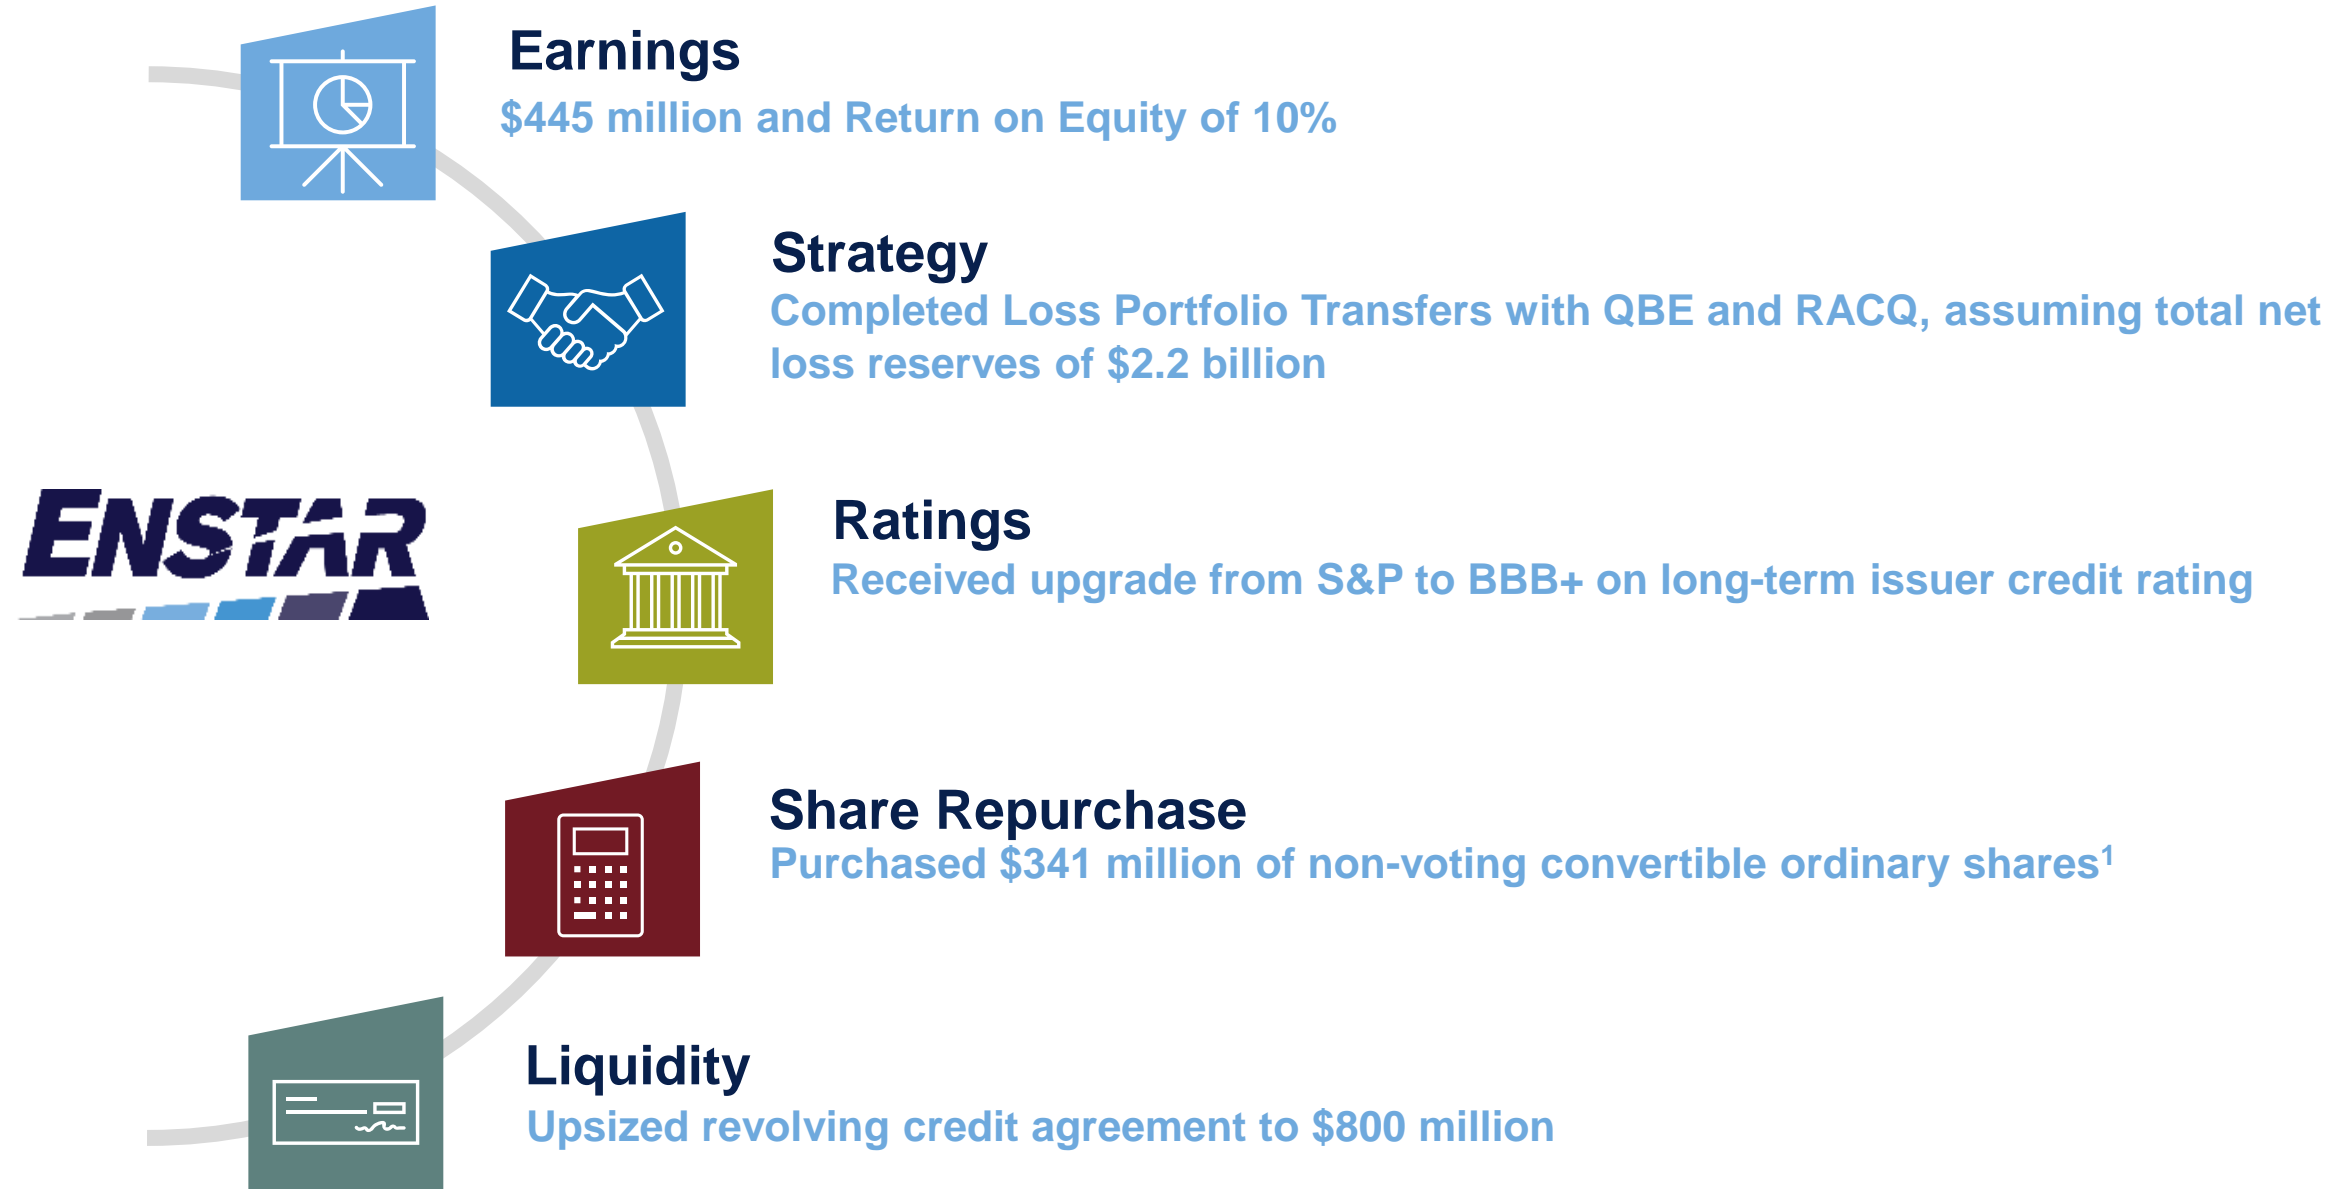

The company has an effective shelf registration statement (including a prospectus) on file with the SEC. Any offering of securities will be made only by means of a prospectus supplement, which will be filed with the SEC. In the event that the company undertakes an offering, you may obtain a copy of the prospectus supplement and accompanying prospectus for the offering by visiting EDGAR on the SEC website at www.sec.gov.

KEY MESSAGES

YTD HIGHLIGHTS

Six months ended June 30, 2023

1. Repurchased remaining \$341 million of non-voting convertible ordinary shares, at a price that represented a 13% discount to year-end book value at the time the repurchase was negotiated as reported in our Annual Report on Form 10-K for the year ended December 31, 2022, simplifying Enstar's capital structure. Following the adoption of ASU 2018-12 on a retrospective basis, the price paid in the repurchase transaction represented a 23% discount to year-end book value as reported in and further described in our Quarterly Report on Form 10-Q for the period ended June 30, 2023.

ENSTAR EFFECT ENABLES OUTPERFORMANCE

Enstar Loss Reserve Outperformance vs US P&C Industry

Weighted Average of Latest Five Years Ended 2022

Enstar vs P&C Industry¹

Outperformance By Line Of Business^{2,3}

Enstar Total Q223 Adjusted Net Loss Reserves⁴ (\$ in billions)

1. We calculated the weighted average Adjusted RLE % for the last five calendar years and compared the results to the total of the Combined US P&C Industry, which includes ULAE and changes in ULAE provisions (source: US Annual Statements through SNL). To remove any potential distortions due to mix of accident years, we have adjusted the industry reserves' accident-year-weighting to match Enstar's. Adjusted RLE % is a Non-GAAP measure. Refer to "Non-GAAP Financial Measures" in the Appendix for explanatory notes and a reconciliation to the most directly comparable GAAP measure.
2. We calculated the change in estimates of net ultimate losses for the last five calendar years divided by average net loss reserves on our three largest lines of business within our Run-off segment (General Casualty, Workers' Compensation and Asbestos & Environmental), and compared the results to the total of the Combined US P&C Industry (source: US Annual Statements through SNL). To remove any potential distortions due to mix of accident years, we have matched the industry reserves' accident-year-weighting to match Enstar's.
3. The weighted average reduction in estimates of net ultimate losses divided by average net loss reserves by line of business relating to our Run-off segment for the five-year period ended 2022 was as follows: i) General Casualty – Enstar (1.2)%, Industry (4.1)%; ii) Workers' Compensation – Enstar 11.0%, Industry 4.5%; iii) Asbestos & Environmental – Enstar 0.9%, Industry (7.7)%.
4. Adjusted Net Loss Reserves comprise Run-off segment average net loss reserves (OLR and IBNR) by line of business, in addition to ULAE and the net nominal liabilities and estimated future expenses related to our defendant asbestos & environmental liabilities, which are not allocated by line of business. Adjusted Net Loss Reserves is a Non-GAAP measure. Refer to "Non-GAAP Financial Measures" in the Appendix for explanatory notes and a reconciliation to the most directly comparable GAAP measure.

NON-GAAP MEASURE

Non-GAAP Measure	Definition	Purpose of Non-GAAP Measure over GAAP Measure
Adjusted run-off liability earnings (%)	Adjusted PPD divided by average adjusted net loss reserves.	Calculating the RLE as a percentage of our adjusted average net loss reserves provides a more meaningful and comparable measurement of the impact of our claims management strategies on our loss portfolios across acquisition years and also to our overall financial periods.
Adjusted prior period development (numerator)	<p>Prior period net incurred losses and LAE, adjusted to:</p> <p><i>Remove:</i></p> <ul style="list-style-type: none"> -Legacy Underwriting and Assumed Life operations -amortization of fair value adjustments, -change in fair value of insurance contracts for which we have elected the fair value option ⁽¹⁾, and <p><i>Add:</i></p> <ul style="list-style-type: none"> -the reduction/(increase) in estimates of net ultimate liabilities and reduction in estimated future expenses of our defendant A&E liabilities. 	<p>We use this measure to evaluate the impact of our claims management strategies because it provides visibility into our ability to settle our claims obligations for amounts less than our initial estimate at the point of acquiring the obligations.</p> <p>The following components of periodic recurring net incurred losses and LAE and net loss reserves are not considered key components of our claims management performance for the following reasons:</p> <ul style="list-style-type: none"> • Prior to the settlement of the contractual arrangements, the results of our Legacy Underwriting segment were economically transferred to a third party primarily through use of reinsurance and a Capacity Lease Agreement⁽²⁾; as such, the results were not a relevant contribution to Adjusted RLE, which is designed to analyze the impact of our claims management strategies; • The results of our Assumed Life segment relate only to our prior exposure to active property catastrophe business; as this business was not in run-off, the results were not a relevant contribution to Adjusted RLE; • The change in fair value of insurance contracts for which we have elected the fair value option⁽¹⁾ has been removed to support comparability between the two acquisition years for which we elected the fair value option in reserves assumed and the acquisition years for which we did not make this election (specifically, this election was only made in the 2017 and 2018 acquisition years and the election of such option is irrevocable); and • The amortization of fair value adjustments are non-cash charges that obscure our trends on a consistent basis. <p>We include our performance in managing claims and estimated future expenses on our defendant A&E liabilities because such performance is relevant to assessing our claims management strategies even though such liabilities are not included within the loss reserves.</p> <p>We use this measure to assess the performance of our claim strategies and part of the performance assessment of our past acquisitions.</p>
Adjusted net loss reserves (denominator)	<p>Net losses and LAE, adjusted to:</p> <p><i>Remove:</i></p> <ul style="list-style-type: none"> -Legacy Underwriting and Assumed Life net loss reserves -current period net loss reserves -net fair value adjustments associated with the acquisition of companies, -the fair value adjustments for contracts for which we have elected the fair value option ⁽¹⁾ and <p><i>Add:</i></p> <ul style="list-style-type: none"> -net nominal defendant A&E liability exposures and estimated future expenses.

⁽²⁾ The reinsurance contractual arrangements (including the Capacity Lease Agreement) described in Note 5 to our consolidated financial statements in our Annual Report on Form 10-K for the year ended December 31, 2022 were settled during the second quarter of 2023. As a result of the settlement, we do not expect to record any transactions in the Legacy Underwriting segment in 2023.
